

Kenneth Kwakye-Gyamfi

Mobile + Web Full Stack Developer

About Me

I am a self-motivated and enthusiastic mobile & web developer currently based in Accra, Ghana. I enjoy developing enterprise mobile and web applications, but have an insatiable curiosity for AI

My Skills

Graphic Design

Node.JS

React, React Native & NextJS

Python for Web development + AI

Vanilla Frontend Development

PHP + Wordpress development

Android application development

Work Experience

Full Stack Web Developer

getINNOtized GmbH - North Legon, Accra Jan. 2018 - Present

A very memorable experience at getINNOtized. I got to be part of a team of dedicated guys and girls who not only churned code but also contributed to individual and overall team building

Fullstack + Desktop Applications Developer

Asqii Inc. - Kumasi June 2016 - Aug. 2017

I got the privilege to be part of the startup, headed by Mr. Jephthah Yankey, my undergraduate project supervisor. I worked primarily on the desktop version of Schooldesk, a popular school management system software. I learnt a great deal, including proper NodeJS coding conventions, testing conventions and better code organization

Web Designer (Part Time)

Fifthlight Media - Tema, Ghana June 2015 - Dec. 2015

I got the first taste of building commercial websites by working part-time whilst still in the university.

Web Designer (Intern)

PewVegas Ghana (Defunct) - Takoradi June 2014 - Aug. 2014

This was more of a learning than a working experience. I started learning about web development; starting out with PHP and CodeIgniter

Education

BSc. Computer Engineering

Kwame Nkrumah University of Science & Technology Sep. 2013 - July 2017

I completed with a Second Class Upper Honours, majoring in Software engineering and minoring in Computer Networking

WASSCE Certification

Mfantshipim School, Cape Coast Sep. 2010 - June 2013

I wrote and passed my West Africa Senior Secondary Certificate Examination (WASSCE), having studied General Science with Biology

BECE Certification

Takoradi Ridge International School - Takoradi, Ghana June 2015 - Dec. 2015
